During Shut-in, Sublessee shall have the right to rework, stimulate, or deepen any well on the Leasehold or drill a new well on the Leasehold in an effort to re-establish production, whether from an original producing formation or from a different formation. In the event that the production from the only producing well on the Leasehold is interrupted for a period of less than six months, the above-referenced Lease and Modification shall remain in full force and effect without payment of Royalty or Shut-in Royalty.

ADDENDUM

This Addendum is attached to and made a part of that certain Lease Modification dated April 18th, 2008, by and between Jeffery Lee Cumpston, a/k/a Jeffrey Lee Cumpston, a married man dealing in his sole and separate property, as Lessor, and CHESAPEAKE APPALACHIA, L.L.C., as Sublessee. If any of the following provisions conflict with or are inconsistent with any of the printed provisions or terms of this Lease Modification, the following provisions shall control.

1. If, and only if, Lessor is entitled to receive free gas, whether by virtue of the ownership of the surface of the leased premises and either all the oil and gas underlying the same, an undivided interest in the oil and gas underlying the same, or the express record right to receive free gas, then upon approval of Lessor's written request for free gas, Lessor obtaining 100% written consent from all owners with a right to receive revenue from the leased premises, and Lessor's execution of Sublessee's Delivery of Free Gas and Overburn Gas Agreement, one (1) Lessor may lay a line to any one (1) producing gas well on the leased premises and take up to one hundred fifty thousand (150,000) cubic feet of gas during any single twelve (12) month period for domestic use in one currently existing primary dwelling owned at all times by Lessor and located within a one thousand (1,000') foot radius from said well on the leased premises; subject, however to such well being capable of producing in commercial quantities and of commercial quality suitable for domestic use; the existence and availability of a local distribution company willing to administer, control, monitor, and service such free gas usage to the specifications and requirements of Sublessee; and subject further to the use, maintenance, operation, production, limited deliverability, and right of shut in and/or plugging and abandonment by Sublessee of its well(s), equipment and pipelines on the leased premises. Lessor shall secure such gas by service line laid to and connected to such well on said leased premises in accordance with all applicable laws, rules and regulations, the point of connection to be designated by Sublessee and Lessor shall assume the entire risk and all expenses associated with securing and using such gas and agrees, to the fullest extent of applicable law, to release and indemnify Sublessee from and against any and all claims or causes of action arising therefrom or relating thereto. If Lessor in any year uses gas in excess of the quantity provided for herein, Lessor shall pay for all overburn gas at the current established retail rate in the area or at the rate charged by the local distribution company administering the free gas usage, but Sublessee assumes no obligation to furnish Lessor with gas in excess of the quantity provided herein. The measurement and regulation of such gas shall be by meter regulators furnished by Lessor, subject to Sublessee's approval, and set at the tap on the well. Notwithstanding the foregoing provisions, in the event the leased premises are made a part of a unit or pooled with other acreage and the well(s) has been drilled on another lease, the Lessor hereunder will not be entitled to use wellhead gas, free or otherwise. The rights granted herein related to free gas are not assignable or transferable to a party not currently owning an interest in the leasehold premises. Notwithstanding the foregoing, the specific terms and conditions of free gas use shall be governed and controlled by the Agreement for Delivery of Free Gas and Overburn Gas. Sublessee shall be fully relieved of any further obligation to provide free gas or alternative payment to Lessor if any of the conditions provided hereinabove are not satisfied. At the time application is made for free gas, Sublessee shall have the option to make an annual cash payment to the qualified applicant(s) of One Thousand and 00/100 Dollars (\$1,000.00) based on Lessor's proportionate share in lieu of providing free gas and said sum shall thereafter permanently discharge Sublessee's obligation under this lease to provide gas free of cost to Lessor, his successors, heirs and assigns.

2. Provided that Lessor is the current surface owner of the affected lands at the time of Lessee's surface operations, Lessee and Lessor to mutually agree on all drill site, pipeline and access road locations, consent not to be unreasonably withheld, delayed or conditioned by Lessor.

STATE OF WEST VIRGINIA, MARSHALL COUNTY, SCT.:
